

Anand Tekkey

630-806-1083 | anand@tekkey.net | anand.tekkey.net | github.com/atekkey | Champaign, IL

EDUCATION

University of Illinois Urbana-Champaign

GPA: 3.97

Bachelor of Science in Computer Science

Aug 2023 – May 2026

Relevant Coursework: System Programming, Computer Architecture, Data Structures, Database Systems Algorithms, Computer Security I & II, Natural Language Processing, Computer Vision

EXPERIENCE

Computer Vision Research Assistant

Aug 2024 – Aug 2025

Schwing CV Research

Champaign, IL

- Invented a backfilling algorithm using Python, Pytorch and OpenCV, contributing to +6% IOU accuracy in the leading object segmentation model on long video datasets
- Automated large-scale data preprocessing (1.5TB) by scripting image format conversions and ground-truth mask generation in Bash, streamlining dataset usability for research team
- Leveraged Slurm for scheduling and monitoring 100+ GPU jobs on NCSA research server clusters

CourtRank App | *React Native, Typescript, Firebase, Python, GCP* | *c.tekkey.net*

Aug 2025

- Created and deployed sports league management platform in React Native and Firebase, driving consistent weekly engagement from 45+ users
- Implemented real-time ELO rating system with Python Cloud Functions to automatically calculate player rankings updates from match results
- Designed league management features including user authentication, match logging, and leaderboards

Mailbot | *Python, OpenCV, Slack API*

May 2025

- Developed an interactive Slack bot in Python with bidirectional API integration that receives package data from RaspPi5 hardware to provide instant notifications to 70+ residents
- Programmed a multi-process RaspPi5 using OpenCV to read text for automated package identification

LEADERSHIP

President, Senior Advisor

May 2025 – May 2026

Triangle Engineering Brotherhood

Champaign, IL

- Oversaw chapter operations for 80+ engineering students while managing a budget of \$63,000
- Presided over 30+ organizational meetings and proceedings, securing orderly conduct and effective decision-making across executive board sessions, and chapter meetings
- Responsible for ensuring deliverables were met for 7 executive board members, and 44 officers

Social Director, Social Chair

Jan 2024 – May 2025

Triangle Engineering Brotherhood

Champaign, IL

- Managed a budget of \$5,000 to organize 12 successful social events and enrich organization reputation
- Supervised a team of 17 chairs, ensuring seamless event planning through effective coordination

TECHNICAL SKILLS

Languages: Python (PyTorch, NumPy, Pandas), C/C++, Typescript, Java, JavaScript, OCaml, SQL, Zsh

Software & Protocols: React Native, Git, VS Code, Slurm, Tmux, UE5

Spoken Languages: English (native), Spanish (conversational)

Awards: Eagle Scout, Dean's List, Spanish Seal of Bilingual Proficiency
